## ESSENTIAL FUNCTIONS

Clinical Faculty position in an innovative new doctoral degree program in primary care, integrated behavioral treatment. This is a new degree type, designated as the Doctor of Behavioral Health, or D.B.H., that was developed in partnership with Dr. Nicholas A. Cummings and Arizona State University. The D.B.H. is designed to prepare the practitioner to function as a behavioral primary care provider in all kinds of healthcare settings as we enter the new era in which mental health will be an integral and integrated part of the nation's healthcare system. The individual will be responsible for teaching graduate courses from a curriculum based on medical literacy, evidence-based behavioral interventions in primary care/medical settings, population-based approaches and business entrepreneurship. Responsibilities will include teaching up to two doctoral level courses per semester at the Downtown Phoenix Campus in the School of Letters and Sciences, Doctor of Behavioral Health program. Provide academic advising and practicum student supervision. Works with campus and university-wide faculty on curriculum and practicum development and provides school or university service as assigned. Writes and grades exams, quizzes, and problem assignments as needed by the course; Assists in reviewing and evaluating effectiveness of teaching methods and work activities; Maintains student grade records for assigned courses; Orients incoming students as required; Works with school and university faculty on course development activities; Participates in school and/or university service efforts as assigned.

## QUALIFICATIONS

### REQUIRED

Doctoral degree in Clinical Psychology from an APA-accredited program and license eligible in Arizona. Significant experience (minimum 3 years) providing evidence-based behavioral interventions in primary care/medical settings. Demonstrated teaching experience that emphasizes student success. Demonstrated two years minimum of teaching experience at doctoral level in behavioral health.

### DESIRED

Demonstrated knowledge of course management systems such as Blackboard; Demonstrated experience using web-based online homework systems; Demonstrated experience working with diverse students; Demonstrated experience working in collaborative environments within and across disciplines; Research and publications in the area of integrated behavioral healthcare preferred.

### APPLICATION DEADLINE:

5 p.m. November 2, 2009, if not filled, weekly, Mondays 5 p.m. thereafter until search is closed.

### APPLICATION PROCEDURE

Cover letter of interest that addresses the qualifications stated in the position announcement; curriculum vita; documentation related to classroom instruction including: teaching evaluations, course syllabi, statement of teaching philosophy; names, phone numbers, addresses, and email addresses for three references. Send all materials electronically to Kim Haren ([Kim.Haren@asu.edu](mailto:Kim.Haren@asu.edu)), Reference Search Committee (Clinical Associate Professor - Doctor of Behavioral Health position). PLEASE DO NOT send your application material separately. We do not accept incomplete applications. AA/EOE A background check is required for employment.

Questions regarding the position can be addressed to Dr. Ron O'Donnell, [Ronald.odonnell@asu.edu](mailto:Ronald.odonnell@asu.edu) Director, Behavioral Health, or call 602-496-1352. Visit our web site <http://sls.asu.edu/dbh> for additional information.
